

PRESERVATION & MAINTENANCE TECHNICIAN

Collicutt Energy Services is a solutions-oriented, engine company. We specialize in custom manufacturing, repair, overhaul, and maintenance for all engine brands across diverse industries - consistently raising the bar for customer satisfaction. Our company culture emphasizes safety, respect and continuous learning, fostering an environment where employees can thrive professionally and personally. As a growing, privately-owned organization, we offer exciting opportunities for career advancement and the chance to contribute to cutting-edge energy solutions. Join Collicutt and be part of a collaborative team that values community involvement and shared success in the ever-evolving energy sector

We are currently seeking a **Preservation & Maintenance Technician** to join our **Red Deer/Rimbey Operations Team**. This position requires mechanical proficiency, attention to detail, and a strong commitment to safety while performing preservation and maintenance tasks on rotating equipment and engines.

In this role, you will also be responsible for:

- Conducting preservation procedures on idle/stored engines (e.g. protective coatings, sealing, flushing systems).
- Performing preventative maintenance and documenting activities with accuracy.
- Troubleshooting mechanical issues and assisting with root cause analyses.
- Supporting overhaul and rebuild processes with correct re-preservation protocols.
- Collaborating with Parts and Operations teams to ensure safe, compliant, and efficient workflows.

Qualifications and Skills

Required

- Grade 12 Diploma
- Minimum **3 years of experience** in engine maintenance or rotating equipment, preferably in the oil and gas industry.
- Strong understanding of **diesel and/or natural gas** engines, compressors, and pumps.
- Hands on knowledge of corrosion prevention, system flushing and mechanical preservation.
- Competence in reading and interpreting technical manuals and drawings.
- Computer proficiency and ability to use maintenance management systems

Preferred

- Experience in parts sales and equipment inventory processes
- Familiarity with Original Equipment Manufacturer (OEM) maintenance guidelines
- Strong communication and organizational abilities
- Self-motivated and able to work both independently and in team settings.

Working Conditions

- Primarily shop and field-based role.
- Exposure to loud environments, heavy equipment, and varying weather conditions.

As a team member at Collicutt Energy Services, you can enjoy:

- Competitive Wages
- Solid Group Benefits
- RRSP Matching
- Referral Bonuses
- Apprenticeship & Course Reimbursements

If you are interested in this opportunity, please submit your resume to hr@collicutt.com with ***Preservation & Maintenance Technician*** in the subject line.
